# POWDER TRAIN BLOWS UP; TWO DEAD

## Russians Sabre 2000 Turks

FRANCE PREPARES  
TO CARRY WAR ON  
THROUGH WINTER  
Czar's Armies in Galicia Are  
Withdrawn Safely as the  
Teutons Advance

## WALES COAL STRIKE IS SETTLED

By Associated Press  
PETROGRAD, via London, Aug. 31.—The following official statement was issued tonight at the headquarters of the army of the Caucasus:

"On the entire front there have been only minor engagements and changes. During the recent fighting up to Aug. 22d we made prisoners eighty-four officers and 5000 men, while our cavalry, pursuing the Turks on the roads to Boutak, sabred over 2000. We also captured twelve guns and a quantity of war material."

## France Prepares Winter Plan

By Associated Press  
PARIS, Aug. 31.—France is preparing for next winter's campaign. An official note issued here today describes a visit to the front by Alexandre Millerand, minister of war. M. Millerand discussed measures necessary for the winter campaign with the commanders at various points, especially in the Vosges and Alsace.

## Danger of Coal Strike Averted

By Associated Press  
LONDON, Aug. 31, 4:02 p. m.—The trouble in the South Wales coal-mining district, which threatened to precipitate a serious strike has been settled.

The terms of the settlement of the dispute have not yet been officially published, but the representatives of the miners claim that the demands of the men have been conceded.

## Italians Capture Alpine Peak

By Associated Press  
LONDON, Aug. 31, 11:58 a. m.—The Russian armies along the line of the upper Bug and the Zlota-Lipa are being withdrawn rapidly and apparently without great loss, as neither Vienna nor Berlin claims any extensive captures of prisoners or booty in this region.

In the center of the line due east of Warsaw the invaders continue to make steady progress, while further north they are advancing more slowly. The fall of Lipsk brings the attacking forces nearer Grodno, the last big fortress on the front to be retained by the Russians.

Along the western front the usual artillery, mine and hand grenade warfare marks the operations. According to Paris, these activities have resulted in the destruction of several German trenches.

Constantinople again reports heavy fighting at the Dardanelles, but the entente allies are silent in regard to their military operations on this front.

In the Austro-Italian campaign Rome reports the capture of Cima Gista, 6500 feet high. This summit had commanded the Italian positions on Monte Salubio.

Rome also sends optimistic reports of the progress of the entente powers in the diplomatic negotiations in the near east. It is said Serbia's promises are satisfactory as far as they go. Italian political circles express confidence that the Turco-Bulgarian railroad agreement does not affect Bulgarian neutrality.

## 50,000 British Reported Lost

BERLIN, Aug. 31.—(By Wireless to Sayville).—The British employed 100,000 men in their attacks on Turkish positions on the Gallipoli peninsula last Saturday and Sunday, according to a dispatch from Constantinople to the Frankfurter Zeitung, and their losses were extremely heavy. The correspondent estimates that since August 6th the British losses have been in excess of 50,000.

## Abandoned Freighter Edith Fast Sinking

SEATTLE, Aug. 31.—The Alaskan Steamship Company's freight steamer Edith, which was abandoned by her crew off Cape Hinchinbrook, Alaska, yesterday and afterward picked up in the Gulf of Alaska by the passenger steamer Mariposa, was later cast off by the Mariposa and was sinking rapidly when last seen. Vessel and cargo were valued at \$250,000. The Edith is thought to have foundered soon after the Mariposa landed. Cargo and vessel were insured. The ship was valued at \$150,000 and the cargo of copper concentrates owned by the Beatson Copper Company, at \$100,000.

## Black River Rising and Levee Broken

By Associated Press  
LITTLE ROCK, Ark., Aug. 31.—Reports received here from Pocahontas state that Black River continues to rise slowly, but Pocahontas, being on a high bluff, is out of danger. Reports from Surridge, near Pocahontas, are that a levee has broken there and hundreds of volunteers have been called for. A thousand sacks were rushed to the place. The break in the levee will flood about 20,000 additional acres in that section. Reports from Datto and Diggers, near Pocahontas, are that the water is still rising.

## SUBMARINE DISASTER PROBED

Examining Board Finds  
Hull Filled With Mud  
and Wreckage

Navy Department Insists  
That Cause of Dis-  
aster Be Learned

BULLETIN.

By Associated Press.  
HONOLULU, Aug. 31.—A number of bodies of the twenty-two men who went down in the submarine F-4, March 25, were found today, entangled in the wreckage of the interior. One body was removed. The others were in such a poor state of preservation that the work of uncovering them is being done slowly. None have been identified.

By Associated Press.  
HONOLULU, T. H., Aug. 31.—The hull of the submarine F-4, lost in Honolulu harbor, March 25, with her crew of twenty-two men and raised and placed in dry dock yesterday, today lies exposed to view, the work of pumping out the dry dock and raising the shattered and torn submarine from the waters of the harbor having been completed during the night. The craft has not yet yielded up its secret. No bodies have been discovered, nor has the brief examination thrown any light on the cause of the accident.

The F-4 lies on her starboard side in the dry dock. When the examining board, composed of Rear Admiral C. J. Boush, Lieutenant Commander Julius A. Furor and Lieutenant Kirby B. Critchenden, entered the vessel they found the starboard board and bottom filled with debris, battery plates and some sand and mud.

If any bodies remain in the F-4 they are underneath the debris. It is feared the great holes torn in the submarine during the months of raising operations allowed the marine creatures with which the water of Hawaii swarms to enter, and it is expected that a further search will disclose the fact that the bodies of the crew have been entirely destroyed.

In addition to the gaping holes in the stern of the submarine, a big hole has been torn in the forward part.

## STRICT INQUIRY IS ORDERED

By Associated Press.  
WASHINGTON, Aug. 31.—The navy board headed by Rear Admiral Boush, examining the wreck of the submarine F-4, has been instructed to make every effort to determine the cause of the disaster. Naval officials said today that every clue would be followed and that they had no fear of revelations.

## Half-Hour Limit for Parking Automobiles

Section 21 of the traffic ordinance, which has in the past few months not been enforced, will be put into effect after tomorrow, according to orders issued by Chief of Police W. F. Woods today. This section applies to the leaving of automobiles along the curbs of the streets of the downtown business section. Hereafter all automobiles leaving their machines standing in one place for more than one-half hour will be placed under arrest. Chief Woods announced that he will place plain clothes officers on duty to enforce this law.

## Orozco Killed in Fight With Posse?

By Associated Press.  
EL PASO, Aug. 31.—A report received from an American sent to Sierra Blanca, Texas, to investigate a report that General Pascual Orozco had been killed in a fight with a posse of Americans, says: "I am positive that one of the five Mexicans killed by a posse near Sierra Blanca was General Pascual Orozco."

## U. C. Regents to Push \$1,800,000 Bond Issue

SAN FRANCISCO, Aug. 31.—The regents of the University of California will meet in special session this afternoon in this city to pass a resolution formally requesting Governor Johnson to authorize the issuance of the \$1,800,000 bonds recently voted for new buildings on the campus.

## Veterinary Medicoes Meet In Departmental Session

## Announce a New Way to Diagnose Rabies

That he had developed a new and absolute means of diagnosing rabies without having to put an animal to death, and that the applicable test is none other than the complement fixation test of the blood as applied by physicians in search of venereal and other disease symptoms, was the statement made by Dr. Charles A. Zell, veterinary surgeon of Chicago, before the section on Sanitary Science and Police of the American Veterinary Medical Association in convention here this afternoon.

His listeners evinced great surprise. He further stated that by stating that by applying the test to a human being bitten by a dog supposed to have been rabid, he can tell instantly whether or not Pasteur treatment for rabies should be given.

Heretofore, when an animal has been supposed to have rabies it was necessary to resort to a microscopic examination of the brain, which examination only reveals the disease after it is well established. This test necessitates the killing of the animal suspected of being rabid.

Dr. Zell's diagnosis is made from a small sample of the blood of the suspected animal, or in the case of a person bitten by a dog which has escaped, by testing the blood of the person. This, according to Dr. Zell, enables him to make a diagnosis five or six days earlier than the present system in use by surgeons, who have had to examine the animal's brain for lesions. Every dog owner knows that if his dog bites a person and that person believes that rabies may be the result of the bite, that the dog will surely be killed so that a test can be made for rabies. In many cases dog owners have taken their canines out of their homes and have hidden them away by reason of his discovery dog owners will not hide the canines.

Before the sectional meeting today he cited the cases of 167 humans and 300 cases of animals tested and stated that he had been correct in every diagnosis. The cases of the men were diagnosed at the Irwin hospital in Chicago. The animals were sent to Dr. Zell by veterinarians of Chicago and adjacent cities.

Rabies, vaccination against anthrax, the treatment of hog cholera by serum and the actual curative value of antitoxic serum formed the principal subjects taken up by delegates to the American Veterinary Medical Association in departmental convention sessions at the Hotel Oakland today.

This morning a general session was held at which reports of the following committees were made: Executive, finance, publication, necrology, resolutions, international tuberculosis commission.

This afternoon the following sectional

JOHN R. MOHLER, assistant chief of the department of animal industry, Washington, D. C. (top), a delegate and participant in the program of the American Veterinary Medical Association, below, C. J. MARSHALL, of Philadelphia, president of the American Veterinary Medical Association.

## BANK CLAIMS FRAUD OF \$1146

Out of a maze of drafts, checks and other financial paraphernalia, the Homestead Bank of Berkeley has emerged to find itself \$1146 out of pocket, at least for the time being, and has laid before the police for unravelment a confused tangle in which E. J. Lawler, a Mountain View capitalist and rancher, and W. J. Rhodes, supposedly of 2327 Telegraph avenue, Oakland, are involved. It is Rhodes whom the police particularly seek to secure an explanation of a worthless draft and a check raised from \$4 to \$400.

Lawler and Rhodes recently appeared at the Homestead Bank and explained that their intended engagement in an egg distributing and manufacturing business, though the latter term was not explained. They deposited Lawler's check for \$500 on a Mountain View bank, which went through the regular channels and was apparently good.

Later, however, Rhodes appeared and is said to have cashed a draft on a lumber firm at Port Townsend, Wash., for \$750. This has now been returned with the explanation that there are no funds to cover it.

Meanwhile Rhodes is said to have appeared again, this time with a check for \$400 signed by Lawler, which he cashed at the same bank. After his departure with the money closer scrutiny of the check showed that it had been written for \$4, but that this had been raised to \$400. Lawler admits issuing the check for \$4, but declares he gave it to

## FIND MYSTERY IN EXPLOSION OF DYNAMITE COACH

Great Consignment of Explosive  
Rends Engine, Track and  
Ground at Pinole

## ENGINEER AND FIREMAN KILLED

Two persons were killed, nine buildings razed and every window in the towns of Pinole and Hercules was broken as a result of an explosion of a carload of dynamite being taken from packinghouse to a magazine at the E. I. DuPont de Nemours Powder plant here this morning. The dead are:

HAROLD BENNETT, engineer.  
BERT TALBOT, engineer's helper.

Remains of the two men were found scattered over a radius of one hundred feet about a great hole twenty-five feet deep. The exploding dynamite scattered the compressed air engine and short train in every direction and was so great that the shock was felt for miles.

## Big Steel Plant to Locate on Waterfront

Details of one of the biggest leading deals in recent years on the waterfront were made public today when it was announced that the California Steel Company, a new firm which is to erect one of the biggest steel fabricating plants in the West, has chosen a site on Harrison street, between Can Company's plant and the new company is headed by E. H. Frisell, one of the best-known steel men in the world and the man who put the structural steel up for the Hotel Oakland, the Kahn building and many other big buildings of California.

## Faculty Club Honors Universities Ass'n

BERKELEY, Aug. 31.—The second day's session of the National Association of State Universities opened this morning in Boalt Hall with speeches by President Edmund A. James of the University of Illinois and President Livingston Farrand of the University of Colorado. They opened a discussion of the problem of the Relation of Professors to Outside Employment.

## Special Session Being Discussed

WASHINGTON, Aug. 31.—A special session of Congress in October to consider among other things the question of national defense is being discussed by the administration's advisers. So far as can be learned the President has not reached any conclusion in the matter.

## U. S. Ship Succors Europeans in Syria

By Associated Press.  
PARIS, August 31, 11:15 a. m.—The United States scout ship Chester has arrived at Cana, Crete, with 470 refugees expelled from Beirut, Syria, by the Turks. The refugees are from cities of all the quadruple entente powers as well as of several other nations. The Chester will return soon to Beirut for another shipment of Europeans, who have been ordered out of Turkey. Another American warship is expected at Cana with refugees from Alexandretta, Asiatic Turkey.

## Boy Auto Thief Gets Four-Year Sentence

By Associated Press.  
LOS ANGELES, Aug. 31.—Byron Bernall, 15 years old, who stole an automobile and then ran over and killed Mrs. Lucy Johnson, an aged woman, was sentenced today to four years in San Quentin prison. The boy pleaded for probation but the court denied it because he had previously stolen several motor cars and because after running over Mrs. Johnson he did not stop to render aid, but endeavored to escape.

Not a full pane of glass remains in either town this morning. Nine corrugated iron buildings used by the powder company for mixing stations and storehouses for tools and apparatus, toppled over in the shock. A cloud of smoke and dirt rose high into the air and was visible for some time afterward from as far off as Vallejo.

LOSS IN THOUSANDS.  
Warren H. McBride, assistant superintendent at the plant, this morning stated that there was no way to estimate what caused the explosion. The loss to the company, he says, will amount to thousands of dollars and cannot be estimated at once.

"In strength of shock the blow-up," he said, "is the worst that has taken place at the plant for fifteen years. The loss is certain, will reach into the thousands."

It was at 10:15 o'clock this morning that the dynamite went off with a roar, that was heard in Richmond, North Berkeley, Vallejo and Martinez. A hole one hundred feet across and twenty-five feet deep shows the force of the explosion.

In fields many feet away, clinging to wires and to trees, were found bits of the car and of the unfortunate crew. Coroner C. L. Abbott, who arrived this morning, states that he is certain that but two men lost their lives and that the report that a "roustabout" who had been riding with the men was also killed was not true.

No one at Pinole or Hercules can explain the accident and no attempt is to do so is being made until a most thorough investigation has been made. Guards are about the scene and it is said that additional guards will patrol the plant from now on.

The two dead trainmen had been employed by the company for some time. Both have families. The laborer was one of those employed as roustabout on the premises. He was a foreigner, unable to speak English, and was only known by his number on the books of the foreman. Efforts are being made to ascertain his name.

## RELIEF FROM NEARBY

The powder train consisted of the engine tender and two freight cars. The cars were splintered; even the rolling stock and bearings being warped and twisted by the force of the heavy explosion.

Relief expeditions from Richmond and Martinez started for the powder works when the explosion was heard, it being feared that the main plant had gone up. Several physicians with medical supplies were in the party.

Had the train been nearer the factory, the concussion might have set off other explosives, and a catastrophe of the place, and a catastrophe taken place that would have cost many lives. It is to avoid such accidents that the different magazines are scattered about the hills. The damage has not been estimated.

## Fire Fighters Seek to Save Northern Forests

By Associated Press.  
PORTLAND, Ore., Aug. 31.—Forest fires in the Columbia river district are worst in the Mount Adams country, in western Klickitat county, in south central Washington.

Forty camps of fire fighters are endeavoring to check the flames in the timber to the north of Mount Adams. White Salmon reports that several injured fire fighters have been brought into that town from the Mount Adams district.

The Swan-Hamann Lumber Company reports a fire five miles long on its holdings in Catherine canyon.

Combs, who was formerly a lieutenant in the French army, is said to represent the French government.

Home of Aeroplane  
Maker Is Dynamited

By Associated Press.  
DEPEW, N. Y., Aug. 31.—A dynamite bomb placed in front of the home of Maurice F. Coombs, head of an airplane company whose plant now in course of erection will be used for the manufacture of aeroplanes for the allies, exploded today, wrecking the wall and shattering windows in the vicinity. No one was injured.

# SUPERVISORS HEAR WATER DISPUTE

## Question of Legality of Assessment Awaits Opinion of District Attorney.

Spurred on the part of the Spring Valley Water Company and Mrs. Phoebe A. Hearst, to prevent the levying of assessments in the Alameda county water district and the Pleasanton water district were made today before the committee of the whole of the supervisors. The directors of the districts have asked that \$7000 and \$2750, respectively, be raised by the supervisors in making the budget for the year in those districts.

Attorney Warren Olney Jr., appearing for the water company and Mrs. Hearst; Attorney John T. Nourse, representing the Alameda county water district; and Attorney Cedric Petersen, representing the Pleasanton water district, presented their various contentions, after which the committee took the matter discussed under consideration.

The hearing, however, brought to light that the Spring Valley Water Company, one of the largest taxpayers in each of the two districts, is seeking to hinder litigation that has been commenced through injunction proceedings brought by the Alameda county water district to prevent the completion of the Calaveras dam and the draining of waters from the Niles come to augment the San Francisco water supply.

**CONSTITUTIONAL QUESTION.**

Opening the arguments by asking Attorney Nourse what the \$7000 was wanted for in the district, Attorney Olney proceeded to question the validity of the formation of the district, stating that there was a constitutional question involved which had not been settled in the superior court nor validated by the last Legislature.

The members of the board held that the supervisors are entitled to know for what purpose the money is to be expended, and Attorney Olney insisted to the extent that the testimony of witnesses was taken as to the expenses of last year and the probable expenses for the coming year.

As one of the heaviest taxpayers in the Alameda county water district, the Spring Valley Water Company would be in a position of paying taxes for the purpose of enabling litigation against its present interests, it was brought out by Attorney Nourse indirectly.

"This board knows that the district is engaged in litigation with the Spring Valley Water Company over the diverting of waters from the Niles come through the Calaveras dam," said Nourse. "The demand to the complaint for an injunction has been overruled and it is probable that an answer will be forthcoming. That will mean litigation, and it is probable that practically all of this money will be used for that purpose."

Attorney Olney sought to bring out that the supervisors could not levy assessment except for interest on bonded indebtedness; that nothing is said in the law about levying moneys

# SIR GREY IS ARRAIGNED

## Reply to Von Hollweg Is Refuted

By Associated Press.

BERLIN, Aug. 31.—(By wire.)—The North German Gazette publishes an official reply to the recent statement by Sir Edward Grey, the British secretary for foreign affairs, with relation to the speech of Chancellor von Bethmann-Hollweg at the opening of the last session of the Reichstag.

The Overseas News Agency today summarizes the report in the Gazette as follows:

"At the beginning of the article alluded to the fact that Sir Edward Grey, diplomatically ignored the value of the statement in its own right. He asserted that at various European capitals prior to the war, recently published in Germany, but gone exclusively into the subject of threats against Belgium, and that the British ambassador in Berlin had sold her neutrality to England, but asserted it had been proved by documents Belgium had fostered British military plans, thus herself violating her neutrality."

"The article points out that the discussion of all eventualities by British and Belgian military officials must have been reported to the British cabinet. Documents in the British possession show conclusively a British attitude coolly told his Belgian colleagues that England would land troops in Belgium without Belgium's consent and Belgium never had protested against this having decided not to resist a British violation of Belgian neutrality, but upon the mere supposition that a German invasion was possible, the Belgian government prepared complete plans for co-operation with British forces."

**STAFF DISCUSSED REPLY.**

"Other documents found, the reply continues, show the British general staff received, reviewed and discussed important reports of attacks stationed at Brussels. The chancellor, it is added, did not endeavor to bring to light facts that would justify a violation of Belgian neutrality in August, 1914, and stated the reason in his Reichstag speech, declaring that Germany invaded Belgium after the latter already had broken her own neutrality."

"Besides, it is added, the excitement over the morale of a violation of a 70-year-old treaty made for entirely different purposes was ridiculous for a country which was solemnly given 25 years ago to Europe and which continuously supported French violations of the obligations accepted in 1911 regarding Morocco."

The Overseas News Agency here takes up the statement of the British ambassador in his recent Reichstag speech that Edward Grey had said to the German ambassador as he was taking leave of him after the outbreak of the war it was more assistance to Germany at the war's close by entering the conflict than if she had remained neutral. It notes the chancellor's assertion that Sir Edward Grey had denied having made such remarks and the German ambassador in his Reichstag address had interpreted as meaning—Sir Edward would be able to aid Germany against Russia. The text of the memorandum in which Prince Lichnowsky, the German ambassador at London, related the part in question of his interview with the British secretary for foreign affairs, as produced from the newspaper by the Overseas News Agency, is as follows:

**CONFIDENTIAL COMMUNICATION.**

"Sir Edward Grey sent word he would like to speak to me at his home before

# KAISER TO 'AVENGE' VICTIMS ON ARABIC

## Submarine Commander to Be Punished for Torpedoing Liner.

By Associated Press.

LONDON, Aug. 31.—The German government considers the Arabic incident closed and has declared its willingness to punish the commander of the submarine which sank the steamer, according to a dispatch which the Exchange Telegraph Company's Amsterdam correspondent says has been received from Berlin.

There is reported to be considerable feeling in German military circles because of Chancellor von Bethmann-Hollweg's so-called "weakness" toward the United States.

Germany's submarine warfare is again the subject of editorial comment today as the result of the publication of the communication of the British foreign office on Germany's prize court decisions and the statement contained in Washington dispatches that their government, as soon as it has relieved the strain of its relations with the United States by limiting its submarine activity, will ask the American government to demand that Great Britain and her allies cease interfering with legitimate neutral commerce and thus permit the importation of foodstuffs for the German civilian population.

**TIMES IS SKEPTICAL.**

"That Germany will abandon her submarine campaign in order to appease the United States and to a speedy end, he always would be prepared, if he remained in office, to undertake the task of mediation and be of assistance to Germany. He had not the slightest intention of doing so, and he wished only to restore peace upon acceptable conditions and put an end to unspeakable misery for the civilized world."

**WOULD SHORTEN WAR.**

"Prince Lichnowsky remarked that the role of arbitrator would be easier for Sir Edward Grey had Great Britain maintained neutrality. He answered that the participation of England would shorten the duration of the war. If the foreign secretary had told St. Petersburg that Great Britain would not enter a conflict, war would have been avoided instead of being precipitated by the promise of support."

"Germany fights not for supremacy that England had maintained over it by her powerful fleet and with her policy of dividing the European powers into hostile camps, but for the sake of the interest of Great Britain and permitting that nation to throw her weight where it best served her egoistic ambitions."

# War Summary

Nearer approach by the Germans to the Russian fortress of Grodno is reported in today's official statement from Berlin. That they are moving toward the stronghold from the east and south, as well as from the west, is indicated by the direction of the progress last reported. The advance on the Grodno-Vilna railway is being continued, while the headquarters of Prince Leopold and Field Marshal von Mackensen both report that the Russians are being driven back along a wide front.

In the Galician operations, recently resumed, the Germans have met with a check on the Strypa river, where strong Russian forces counter attacked, and, according to Berlin, "apparently stopped" the Austro-German pursuit.

Constantinople reports the destruction by Turkish artillery of a position occupied by the entente allies near Seddul Bahr on the Gallipoli peninsula.

The French artillery is successfully continuing its work of inflicting damage upon German trenches, shelters and camps at various points along the front, the Paris war office reports.

The settlement of trouble in South Wales which threatened to develop into a serious coal strike is announced.

It was again reported today that a submarine of the entente allies had blown up a portion of the bridge connecting Constantinople with the suburb of Galata. A similar report made some weeks ago was denied by the Turkish authorities.

Allied aviators are reported to have destroyed a large building in Ghent, Belgium, used by the Germans for housing aircraft.

# CITY COUNCIL IN SPECIAL SESSION

## Plans for Filling in of West Oakland Marshes Approved; Contracts Ordered.

Plans submitted by City Engineer George M. K. Morf for the filling in of the so-called West Oakland marshes were approved by the city council this morning, as well as a plan for the interested property owners to be paid for the work of filling in the marshes. The council also ordered the city to prepare contracts to be let for the work of filling in the marshes, and to pay for the work of filling in the marshes, and to pay for the work of filling in the marshes.

The work, which is to cost, according to the plan, \$1,000,000, will be done by the city, and the city will be paid for the work of filling in the marshes, and to pay for the work of filling in the marshes.

The plan of the city is to fill in the marshes, and the city will be paid for the work of filling in the marshes, and to pay for the work of filling in the marshes.

The plan of the city is to fill in the marshes, and the city will be paid for the work of filling in the marshes, and to pay for the work of filling in the marshes.

# BETA THETA PI OPENS CONCLAVE

## Train Late. First Meeting Held on Ferry Crossing Bay.

Well known by the 270 California members of the Beta Theta Pi, a special train carrying the members of Eastern chapters arrived in Oakland this morning to attend the seventy-fifth annual convocation of the Beta Theta Pi. The train was late, and the first meeting was held on a ferry crossing the bay.

The convocation was held at the Hotel California, and the members of the Beta Theta Pi were entertained by the hotel. The convocation was held at the Hotel California, and the members of the Beta Theta Pi were entertained by the hotel.

The convocation was held at the Hotel California, and the members of the Beta Theta Pi were entertained by the hotel. The convocation was held at the Hotel California, and the members of the Beta Theta Pi were entertained by the hotel.

# CHECK WAS RAISED, BANKERS ALLEGED

## Homestead Bank of Berkeley Reports Alleged Swindle of \$1146.

(Continued From Page 1)

Rhodes for labor, but denies issuing a \$400 check.

Lewler is now at his home at Mountain View. Rhodes cannot be located by the police.

**NEW CHECK TRAIL.**

In connection with these transactions the police are also investigating today a new train of checks drawn on the Berkeley branch of the Oakland Bank of Savings, to cover which the bank has no funds. These are signed by "E. N. Rhodes," and are for varying amounts. One for \$12 was cashed by George Towler, tobacco merchant, and the others are for similar small funds. Whether there is any connection between the two Rhodes the police do not know.

# Plumbing Inspectors To Be Given Hearing

## Sitting en banc today Superior Judges W. H. Donahue and H. D. Burroughs overruled the demurrer of the city attorney to the petition for a writ of mandamus to compel the former city plumbing inspectors against the city council seeking reinstatement. As a result the matter will proceed to a hearing before the court.

J. J. Barry, Albert Cordan and William J. Fole, who were discharged to make place for other appointees of the council, claim that under the civil service they could not be removed without just cause and merely by the changing, through ordinance, of the name of their positions. The case will be a test of the civil service jurisdiction, practically and will probably be heard Friday.

# ALLEN'S FOOT-EASE DOES IT

When your shoes pinch or your corns and bunions ache so that you are tired all over, get Allen's Foot-Ease, the standard remedy for the last 25 years. It will take the sting out of corns and bunions and give instant relief to tired, aching, swollen, tender feet. Soak your feet in it. Don't accept any substitutes.—Advertisement.

AMERICA'S GREATEST CIGARETTE

### GERMANS BUYING ARMS IN AMERICA?

Claim Is Made by Secretary of Concern; U. S. Also Is Shell Purchaser.

By Associated Press.

CHICAGO, Aug. 31.—George M. Getschow, secretary of Phillips, Getschow & Co., is quoted in the Daily News as stating that he is a stockholder in a firm which is making 100,000 steel shells for the United States army and that the German government, like the allies, is purchasing munitions of war in the American market.

"As to the American order, I am not at liberty to disclose the name of the firm further than to state that the contract is worth about \$640,000," Getschow is quoted as saying.

"A month after the war broke out this firm ordered 150 lathes for making shells, but they arrived only recently. This firm has no orders from the European belligerents."

"I have seen some of the German contracts," continued Mr. Getschow. "That Germany is a buyer is common knowledge among manufacturers. The Germans have the whole thing figured out in advance, specifying that the cost of manufacture will be so much, the overhead expense so much and the price will be based on these with 30 per cent profit added."

"Taking an order from Germany for munitions is simply a matter of accepting the contract at a certain definite price, one-fourth of the value of the entire order being deposited in a bank for the checking account of the manufacturer. The bank has just given the bank guarantees of delivery. As fast as shipments are made more money is deposited to the manufacturer's account. Most of the shipments to Germany are made in Norwegian and Danish steamers."

**What is fear?**

A man who braved battle and injustice could not brave his fellowmen, although he knew himself to be better than they. Was he not? Read his strange plight in E. Phillips Oppenheim's greatest story, "False Evidence," to start in Sunday's Tribune.

**929 Cholera Cases Reported in Austria**

By Associated Press.

GENEVA, via Paris, Aug. 31, 2:10 p. m.—Advices reaching here from Vienna by way of Zurich, say the Austrian minister gives the number of cases of cholera in that country as 929.

Although the number of cholera cases in Austria has been abnormally large this summer on account of conditions brought about by the war, the foregoing dispatch indicates that the Austrian sanitary officials are dealing effectively with the disease. On August 19, according to Austrian minister of the interior, the number of cases was 1558.

"As to the American order, I am not at liberty to disclose the name of the firm further than to state that the contract is worth about \$640,000," Getschow is quoted as saying.

"A month after the war broke out this firm ordered 150 lathes for making shells, but they arrived only recently. This firm has no orders from the European belligerents."

"I have seen some of the German contracts," continued Mr. Getschow. "That Germany is a buyer is common knowledge among manufacturers. The Germans have the whole thing figured out in advance, specifying that the cost of manufacture will be so much, the overhead expense so much and the price will be based on these with 30 per cent profit added."

"Taking an order from Germany for munitions is simply a matter of accepting the contract at a certain definite price, one-fourth of the value of the entire order being deposited in a bank for the checking account of the manufacturer. The bank has just given the bank guarantees of delivery. As fast as shipments are made more money is deposited to the manufacturer's account. Most of the shipments to Germany are made in Norwegian and Danish steamers."

**What is fear?**

A man who braved battle and injustice could not brave his fellowmen, although he knew himself to be better than they. Was he not? Read his strange plight in E. Phillips Oppenheim's greatest story, "False Evidence," to start in Sunday's Tribune.

**929 Cholera Cases Reported in Austria**

By Associated Press.

GENEVA, via Paris, Aug. 31, 2:10 p. m.—Advices reaching here from Vienna by way of Zurich, say the Austrian minister gives the number of cases of cholera in that country as 929.

Although the number of cholera cases in Austria has been abnormally large this summer on account of conditions brought about by the war, the foregoing dispatch indicates that the Austrian sanitary officials are dealing effectively with the disease. On August 19, according to Austrian minister of the interior, the number of cases was 1558.

# Piano Efficiency Is Piano Economy

The real value of your Piano is demonstrated only by a period of years—by the service which it gives, by the satisfaction which is yours in its possession, its usefulness, the quality of its tone and the durability of its finish.

Efficiency enters into only those Pianos which are made by manufacturers of established reputation—factories which have proven their works by the one essential test—Time.

Only products of factories which have stood the acid test are to be found in our stores. Durability, tone quality, excellence of detail in workmanship and finish are evident in each and every instrument which we offer.

Here you may purchase with a full knowledge of security a Piano or Player-Piano at the price at which it is marked and know that you are buying the very best at the price and that that price is identically the same that you would pay on the floors of its manufacturers, eastern freight added. Terms are most moderate.

## TAFT TO MAKE 'DESULTORY TALK'

Changes Mind and Agrees to Address League of California Municipalities.

William Howard Taft, former president of the United States, has changed his mind and will speak in Oakland on the morning of September 1, before the convention of the League of California Municipalities. That is, he will speak desultory. He is furnished with an automobile immediately after he starts talking. The former president, when invited by Mayor John L. Davis to appear before the convention on September 1, sent a message saying that he was to take the Shasta Limited for the north on that day. W. J. Locke, secretary of the Municipalities League, informed the council this morning that Taft had agreed to make a "desultory" talk on city government.

"I shall be glad to go to you," the former president wrote to Locke, "assuming that you will put me on the Shasta Limited in an automobile."

"Refer the matter to Mayor Davis, that is the matter of providing the automobile," suggested Commissioner Baucus, with a grin.

"I'll take care of the automobile," interrupted Commissioner Jackson, and it was so agreed.

Was Deveraux a coward?  
Read "False Evidence" and decide.  
E. Phillips Oppenheim's wonderful new story, conceded the greatest of the famous author has ever written, starts in next Sunday's Tribune. A story of an army officer, wrongly accused, and disgraced on his brother's false denials, it keeps the reader in suspense until the last chapter, as remarkable situations and masterful climaxes crowd one on the other. It's the big story of the year. Don't miss it. Get Sunday's Tribune.

## Boy Dies as Result Of Auto Injuries

John Massoni, 12-year-old son of Peter Massoni, 537 Grove street, died at the Merritt hospital this morning from injuries received last evening when run down by an automobile driven by John F. Whelan, a well known local resident, of 142 Moss avenue, at Fifty-fifth and Genoa street. The body has been removed to the morgue, where an inquest will be held.

The accident occurred while young Massoni was being pursued in a friendly game by John Henry, a child of the same age, on bicycles and Massoni was plowing over his shoulder at Heran when he crashed into Whelan's automobile. Whelan removed the boy to the Merritt hospital, where it was found he was suffering from a fractured skull and internal injuries.

## 50c, 60c, 75c LINOLEUM, Sq. Yd.

Pure cork and oil in wood, block, tile and matting effects in fifteen standard patterns. Not ends or remnants, but brand new goods just arrived from the mill. Bought low and sold low. A wonderful opportunity!

## BOARD STOPS SALE OF REUNION TICKETS

Withdraws Permission When It Learns Admission Is Being Charged.

A "reunion" planned in honor of a pioneer teacher, was the cause of a spirited argument last night when the board of education received its invitation to hold the affair and this permission.

The reception was planned by Swadlow pupils in honor of Miss Alice Swadlow. The board was asked for permission to hold the affair and this permission.

The matter of J. H. Higgins, the recently dismissed janitor of the Lowfellow school, will be reported. Last week Higgins was rehired, and, over the spirited protest of Director Aber, the matter was referred to a committee meeting for decision. Last night a rehearing was granted. This will take place during the month. He will in the meantime hold his office.

Higgins was dismissed on motion of directors Aber and Edwards, after they had found unsanitary conditions in the school. Higgins explained in his application for a rehearing that illness in his family and other troubles distracted him from his work, but that there would be no further cause of dissatisfaction.

Miss Sarah J. Lee will be named secretary to Superintendent of Schools A. C. Barker. It is declared by members of the board, following the resignation of Miss Ethel Goldwell, who is to accept the position of dean of women at the University of Washington, leaving Oakland in September. Miss Goldwell, who is an experienced school executive and teacher, came to Oakland after holding an important position in the south. She has been in the department several years.

State Delegates to Congress Appointed

E. E. Todd has been appointed Oakland delegate to the Pan-American Congress, to be held in San Francisco, September 13 to September 16, by Governor Hiram Johnson.

Yesterday named forty-three Californians to represent the state at the sessions, as follows:

H. J. Nichols, Pomona; S. C. Evans, Riverside; David C. Teague, San Dimas; Earl Langdon, Sacramento; H. H. Brady, Los Angeles; George Pelton, Sacramento; George S. Waterman, Fresno; A. B. Fletcher, Sacramento; Standish Mitchell, Los Angeles; Walter K. Tuller, Los Angeles; Dudley Saelber, Redding; Captain Walter Coggeshall, Eureka; H. A. French, Sacramento; A. Towns Lodi; Lynn Simpson, Sacramento; Fred Scott, Visalia; E. S. Birdsall, Auburn; H. L. Moody, Redding; W. H. Porterfield, Sacramento; W. L. Houghton, San Francisco; Fred S. Stearns, Berkeley; George S. Waterman, Fresno; A. B. Fletcher, Sacramento; Standish Mitchell, Los Angeles; Walter K. Tuller, Los Angeles; Dudley Saelber, Redding; Captain Walter Coggeshall, Eureka; H. A. French, Sacramento; A. Towns Lodi; Lynn Simpson, Sacramento; Fred Scott, Visalia; E. S. Birdsall, Auburn; H. L. Moody, Redding; W. H. Porterfield, Sacramento; W. L. Houghton, San Francisco; Fred S. Stearns, Berkeley; George S. Waterman, Fresno; A. B. Fletcher, Sacramento; Standish Mitchell, Los Angeles; Walter K. Tuller, Los Angeles; Dudley Saelber, Redding; Captain Walter Coggeshall, Eureka; H. A. French, Sacramento; A. # "JIMMY" BURGLAR AGAIN ELUSIVE

## He Evades Capture After Making Most Profitable Night's Work Yet.

BERKLEY, Aug. 31. — The biggest haul yet made by the "Jimmy" burglar who has been working in the exclusive residence parts of town for several weeks, was the result last night of his entering the home of Arthur Klumpp, 2432 Derby street. He secured jewelry and other valuables to the extent of \$250 and made his escape without leaving a

d discovering the burglar's deprecations. He had obtained entrance by use of a skeleton key on a rear door. A jimmy had been used to pry open locked drawers of dressers and other places where valuables were kept.

Although a police dragnet has been maintained for two weeks, so wily have been the movements of the "Jimmy" burglar that they have succeeded so far in getting not the least clew to his movements. None of his loot has been disposed of in this neighborhood to give the police an angle from that direction. In all, two dozen or more houses have been

**TELLS OF COURT POET  
IN EARLIER ENGLAND**

BERKELEY, Aug. 31. — "The Court Poet in Early England" will be the subject of a lecture to be given by Profes-

Professor Broadus will tell how the tradition of the troubadour flourished in the England of the later middle ages just as it did in France and Italy. For the England of that day was a part of the spacious world of European thought and life. The institution of the troubadour replaced in England the early Anglo-

the past and present. So, through the Anglo-Saxon poets, and the troubadours of the 13th and 14th centuries, the tradition of the king's poet as an officer of the State prepared the way for the poet-laureate of the later days.

The third and last of Professor Brown's lectures on "The Laureate Tradition" will be delivered at 8 o'clock Thursday evening, September 2.

## TRANSPORTATION WORK

BERKELEY, Aug. 31. — Transportation will be considered by the City club at a meeting to be held Friday evening at the Hotel Shattuck to open its new season of work. J. R. Douglass, who has been an efficient secretary for the organization for two terms, has given un-

work in government.  
Joseph H. Quire succeeds him as secretary. The Shattuck avenue problem, street car routings, street paving, automobile regulations and industrial transportation facilities will be considered Friday night.

## A. B. C. TO IGNORE GENERAL CARRANZA

### WILL CONFER DESPITE CHIEF

Villa Anxious for Peace, Says U. S. General Hugh Scott.

By Associated Press.  
WASHINGTON, Aug. 31.—The Pan-American peace appeal has been delivered to all military and political leaders in Mexico. Several leaders in remote sections have just been reached by courier, and to give them time to reply they probably will be no meeting of the Pan-American conference until next week.

General Carranza's reply still is lacking, but it has been authoritatively declared the conferees will proceed irrespective of his attitude.

Major General Hugh L. Scott, chief of staff of the army, conferred with Secretary Lansing today and reported the result of his conference with General Villa and other northern Mexicans. General Scott said Villa and his adherents were sincerely anxious for peace.

"General Villa," said General Scott, "is earnestly desirous for peace in Mexico, and he is willing to sacrifice any personal ambition and to eliminate himself if necessary in order to bring it about."

### FIVE MEXICANS ARE KILLED BY POSSE

By Associated Press.  
EL PASO, Texas, Aug. 31.—Five Mexicans, said to be cattle thieves, were killed at Eagle Mountain, about thirty miles east of Sierra Blanca, by a posse composed of customs river guards, civilians and soldiers, according to authoritative sources.

It was said none of the posse was killed.

Sierra Blanca, a junction point of the Texas and Pacific and the Southern Pacific railways, is about 20 miles east of here.

According to the report Mexicans for some time have been running off cattle and robbing isolated ranch houses. A report here that Pascual Orozco was killed in the fight was based on a request from the authorities at Sierra Blanca that some one be sent who could identify General Orozco. Orozco formerly made the neighborhood of Sierra Blanca his headquarters.

### FRUSTRATE KIDNAP PLOT

DOUGLAS, Ariz., Aug. 31.—An attempt to kidnap Francisco Macias, formerly an artilleryman with the Carranza forces in Sonora, was frustrated by the vigilance of the United States border patrol, it became known today. An automobile in which Macias was being rushed from a local hotel to Agua Prieta, directly across the border, was halted by American troops.

When the automobile stopped Macias, after a brief struggle with his alleged captors, escaped.

According to Macias he was taken by force from the hotel by Lieutenant Colonel Aguirre and Major Block of the Carranza garrison at Agua Prieta. The Carranza officers, who did not deny the story of Macias, said Macias, while serving as an artilleryman at Naco last fall, was bribed to disable several cannons and after doing so escaped to Arizona. They added that it was proposed to execute Macias when found on Mexican soil and as Sunday night offered an opportunity to carry out their plan of kidnapping they took a chance.

### CHANGES ANNOUNCED BY POLICE CHIEF WOODS

Chief of Police W. F. Woods today announced that Sergeant James F. Walters, property and license clerk of the department, would tomorrow be relieved of his duties at that office and be succeeded by Sergeant R. Frank Ahern. Sergeant Walters will assume the duties left by Ahern—those of relief patrol sergeant.

Chief Woods announced that several other minor changes in the stationing of patrolmen will also go into effect tomorrow. This is customary procedure in the department, changes being made on the first day of each month.

### EX-CITY OFFICIAL RUNS DOWN MAN WITH AUTO

Dr. R. A. Archibald, former city food inspector, ran down and injured P. O. Brown of Twenty-eighth street and Broadway at Broadway and Twenty-fourth street last evening. The accident occurred after Brown had alighted from a car of the Piedmont avenue line and attempted to cross the street in front of Dr. Archibald's automobile.

Dr. Archibald removed Brown to the Providence hospital, where he was treated for lacerations of the scalp.

### Asks Women to Wear Hats Alike

Dresses to Be Standard in British Plan

LONDON, Aug. 31.—The suggestion made in the interest of war economy that women adopt a standard evening dress and a standard hat, has been variously interpreted throughout England. The suggestion came first of all from Rochfort Maguire, a prominent politician and former member of Parliament. He said:

"My suggestions are: The institution of regulation evening dress for women, as there is for men; and, second, that instead of the infinite variety of women's hats now worn, there should be a standard hat for men; and a few other kinds for country or sports use, equivalent to the derby, the felt or the straw."

He made these two suggestions after reading the program of the Women's War Economy League. If carried out, millions of dollars annually would be saved. The riding costume worn by women shows that women will adopt a regulation dress, in this case I am sure they would furnish a real and substantial contribution to the national effort for economy."

Lady Tree, representing the Women's Dress Economy Fund, endorsed the proposal at once, but most other women war-work leaders declared the idea was preposterous and impossible.

Lady Tree said: "I think it a practical and good idea. A black satin dress would be becoming to every woman. As for hats, a small sailor of velvet or silk would do. It ought not to cost more than \$10."

Lady Wimborne, head of the Economy League, described Mr. Maguire's suggestions as well meant but not practical. "It is not a proposition which many women will accept," she said. "It is so essentially a man's point of view. Women have been buying too costly clothes and too many of them, and the best economy would seem to be to buy as little as one can, though one's costume need not necessarily be a uniform."

Lady Garvagh, another of the war-work leaders, said: "Women will never adopt a regulation dress, simply because they could never agree which would be the most suitable. Some would want a dark color, some a light. The adoption of standard hats would be still more difficult. But it would be a great relief to find an end to the enormous number of clothes one is now obliged to get. If regulation dress is adopted by any considerable body of women it will be because those who are now wearing uniforms become so accustomed to them that they will prefer to wear always some kind of uniform attire."

John Collier, the artist, called upon by the advocates of the standard dress for his opinion, replied: "It should be quite possible to dress economically and smartly without adopting a uniform. It seems a very mechanical way of effecting economy. The great advantage of women's dress is that it is so free they are able to choose exactly the style that suits them best. Men's dress, which seems to be held as a criterion, can be very costly, and many men spend far too much on it."

### ARMED HIGHWAYMAN PUT TO FLIGHT WITH STIF

A. R. Atterbury, 2157 Forty-first avenue, did not give a burly masked negro an opportunity to rob him after he held him up at Fortieth avenue and East Fourth street last night. With a revolver pointed at his head Atterbury reached out and struck the negro in the face and the heels. The highwayman took to his heels. Atterbury had a large amount of money on his person at the time.

Jacob Steinfeld, 2428 Linden street, reported to the police that his pocket had been picked and \$55 stolen last night.

Burglars last night entered the home of Mrs. B. Richards, 155 John street, and stole jewelry valued at more than \$100.

What is fear?  
A man who braved battle and injustice could not brave his fellowmen, though he knew himself to be better than they. Was he afraid? Read his story in the greatest story of the year, "False Evidence," to start in Sunday's Tribune.

### Raid Gardens of Eden in South Seek Originals of Photographs

LOS ANGELES, Aug. 31.—Three more "Gardens of Eden" where young women of favored bodies display themselves as nature before the neutral eyes of cameras, were uncovered yesterday by juvenile officer Leo Marten, as a result of the exposure of the photography on the farm of J. T. Valpey, near Covina.

Pictures of various degrees of photographic art are in the hands of the owners and dubious models are placed for the undraped times, who appeared before the cameras. One of the places involved in the investigation is a splendid estate not far from Pasadena, with a fascinating garden where the nude girls raced like druids through wooded glades and splashed in pools. The man named is a millionaire. Evidence against him is so convincing that the police expect to make serious charges at an early date.

The second nest is at Vernon, where a photographer has lured drivers to his camera, inducing young girls to come there and pose under conditions striking, if not agreeable, to the moral censors.

The third is on West Jefferson street, in a respectable appearing residence. Photographs are taken there in the rooms, no outdoor posing, but in the neighborhood is unusually severe in its comments on the sins of the flesh.

The three places produced photographs of more than sixty young women, all nude, and these photographs are in the hands of the police, to be used in the search for the women that evidence may be secured against those responsible for this traffic in nude models.

Juvenile officer Marten said that earlier rumors of such places had come to his office from young girls involved in moral delinquencies, but he had never been able to fully establish the location of the places until after the Valpey exposure, when the girls with whom the juvenile officers came in contact began to talk.

Most sensational were the details given of the Pasadena garden, but the girls involved in the other two places are more vicious in nature.

### GIVES QUIETUS TO SUFFRAGE PROGRAM

Pageant, Parade and Mass Meeting Crossed Off Calendar by Chairman.

No symbolical suffrage choruses will dance on the stage of the Oakland Auditorium on September 14. No ardent suffragettes will parade through San Francisco. None will address a mass meeting at Scott's Rites hall across the bay.

All these things are not to be, for since the arrival of Miss Alice Paul in San Francisco, the pageant, parade and mass meeting have been ruthlessly crossed off the calendar of events on the Woman Voters' Convention program.

Miss Paul, who appeared on the scene several days ago, is the executive chairman in charge of details of the first conference to be held by women with and for the ballot. She is also one of the organizers of the Congressional Union and a resident of Washington, D. C.

Her action in calling off the event planned by the local women entrusted with preparing the way, has come as a decided surprise, as tickets had been sold for the mass meeting and the pageant, which was to be a brilliant and unique affair and had been already composed by Miss Anne Reardon of the University of California, and placed in charge of Porter Garnett, the well known Berkeley pageant director.

In planning these Oakland and San Francisco women have worked energetically and have been as energetically supported by their friends and sympathizers with the projects. Miss Doris Stevens, another organizer of the convention and one of the best to be met here, has been at the head of their plans.

Miss Charlotte Anita Whitney, the chairman of the California branch of the Congressional Union, and Miss Nellie Bullock, who has been in charge of the Oakland arrangements, refused to criticize Miss Paul's action, but they expressed their disapproval of the cancellation of the plans for the occasion.

"The movement the union is undertaking is too big to be marred by any reflections on these in direction," said one of the local members after learning of the latest development of the convention plans. "Of course we are disappointed, especially since our friends have helped so generously."

No change has been made in the date of the luncheon which will be held at the Inside Inn on September 11 with Mrs. O. E. Belmont presiding. Cards have been sent out for a Congressional Union ball at the California building at the Exposition on the night of September 16, as a closing function.

Among the Oakland women of prominence interested in the Woman Voters' Convention are Mrs. Frank Havens, Mrs. M. E. Stone, Mrs. C. E. Robinson, Mrs. Carter, Mrs. E. C. Robinson, Mrs. Bessie Wood and a number of others.

### HIERNANS TO PICNIC

The Ancient Order of Hiernans of Alameda county are making final arrangements for their annual outing to be held at Grand Canyon Park, Richmond, on Sunday, September 5. A special attraction will be a tug-of-war for a purse of \$100, between the champion tug-of-war team of "Teamsters" and the "Hiernans." The well-known crack Irish team that recently defeated the Italian champions after a hard struggle. The dance committee, of which Dr. James F. White is chairman, has secured special union music for the occasion. The following committee is handling the affair: County President F. J. Youell, chairman; State President John Cox; J. R. Kelly, vice-president; John Carey, recording secretary; James McManis, financial secretary; division officers, James C. Walsh, M. C. Ring, D. M. Murphy, H. Quirk and E. J. Murphy, Coleman Dillon, R. Heener, A. Fitzhenry, W. Lenace and John White.

Was Devereaux a coward? Read "False Evidence" and decide. E. Phillips Oppenheim's wonderful new story, considered the greatest the famous author has ever written, starts in next Sunday's Tribune. A story of an army officer, wrongly accused, and disgraced on his brother's false evidence, it keeps the reader in suspense until the last chapter, a remarkable situation and masterful climax crowd one of the other. It's the big story of the year. Don't miss it. Get Sunday's Tribune.

### GREAT BREAK IN FOREIGN EXCHANGE

New Low Level Reached May Curtail British Orders.

By Associated Press.  
NEW YORK, Aug. 31.—Foreign exchange rates reached their most serious stage today with an overnight break of 2½ cents in sterling, the English pound sterling selling in this market at \$4.58½, close to the mark where curtailment of big foreign orders to the United States would follow, in the opinion of bankers here.

Nothing like the violent break in quotations had ever been recorded in foreign exchange markets here before. The low level reached today was 1½ cents below the mark set weeks ago by financiers as the so-called irreducible minimum which, when reached, would cause "wise" buyers to seek other markets in which to place their orders for such imports as could be obtained elsewhere than in America.

Foodstuffs, manufactured goods and many other products, in fact almost everything except actual munitions of war, were embraced within this category.

Demoralization in the foreign exchange markets was succeeded by almost chaotic conditions as the result of the break. Dealings in foreign exchange were virtually at a standstill.

The big break means that English pounds in addition to the top of the market prices already paid by them in this country for American products, are called upon to pay a premium of 28½ cents on every pound's worth of purchases, or more than one cent. With London carrying this onerous burden, something new to British bankers, as English money has for generations been the world's standard of international finance, the question discussed in banking circles here today was how long would England continue to buy here such articles as she was not compelled to import.

There is no other world market of importance open, it was pointed out, but more rigid economy at home in all imported articles and purchases by Great Britain from such European neutrals as had wares to sell, it was thought, would undoubtedly follow if exchange rates go lower. This would result in lessening to an extent which cannot now be estimated the amount of goods which American sellers are sending abroad, and the greatest volume in the history of the country.

Not an American contract has yet been canceled, it was said, but the premium which British buyers must pay for goods from the United States will undoubtedly be a factor in the opinion of local bankers, that cancellations will follow unless rates are rectified very soon.

The new low record of \$4.58½ was the fifth low record established in five consecutive business days. Since last Thursday the pound sterling has dropped from \$4.61.

Last night's close of 4.61 was the lowest value ever placed, at that time, on the English pound sterling in this country. The drop today was regarded as almost desperate. Within an hour after the opening of the market the rate went lower still, reaching 4.58. It then rebounded and closed at 4.58½. International bankers here, looking anxiously toward Atlantic for relief, saw nothing more than they did yesterday—that British and French bankers were preparing to remedy the situation.

The time for preparing to remedy the situation, in the opinion of bankers here, is nearing its end and the time for doing something to strengthen the market has arrived. Why nothing has been done heretofore, it was believed was because Great Britain had not fully awakened to the seriousness of the situation.

It was also thought possible British bankers permitted rates to reach their present level because they were afforded a strong inducement to British holders of American securities to sell their holdings and thus reap the benefit of a 5 per cent increase in values. And since the day's trading was also very depressed, today's rates of their previous low record of 4.65. Lires were quoted at 6.52 and reichsmarks went to 80.14.

### THE LONDON VIEW.

By Associated Press.  
LONDON, Aug. 31.—The American exchange problem is becoming more serious, notwithstanding recent shipments of gold to New York. Cable transfers were traded in to a considerable amount this morning at a 4.50½. The quotation declined later to 4.50½, but trading was quieter at this level.

Insurance houses and other financial institutions are taking advantage of the low rate to sell further blocks of American bonds, as the depreciation in these securities is more than balanced by the profit on exchange.

American financial houses and British traders who have funds to remit to America face a loss of more than 5 per cent at the present low level of exchange. In some quarters a rate as low as 4.50 is being talked of for the near future.

### RESCUED BY CONFEDERATES.

SAN FRANCISCO, Aug. 31.—Hearing a bullet in his chest, 215 Fifth street last night, Alfred McLean, a stationery store owner, fired on the man, wounding him. Two men burst into the place, declaring that they were detectives and demanded the prisoner. The police this morning say that the other two must have been confederates who rescued the man. An investigation is being made.

### SUE FOR ASSIGNMENT OF HALF DARGIE ESTATE

Heirs of Thomas T. Dargie Bring Action in Local Courts

Alleging that the late Thomas T. Dargie, former postmaster of Oakland, was a partner on equal terms with his brother, William E. Dargie, publisher of The Oakland Tribune, the heirs of Thomas T. Dargie filed suit today in the Superior Court against the estate of William E. Dargie for assignment to them of 1924 shares, or one-half of the fortune, which is valued at \$333,000.

The action is brought nominally against the executors of William E. Dargie's estate, his heirs and assigns, the executors, and also the trustees, are John F. Conners, J. Clem Arnold and M. C. Chapman. The suit alleges that Thomas T. Dargie died intestate; that his widow, Mrs. Bessie Sedgwick Dargie, was duly appointed administratrix of his estate, and that she, her son Thomas M., and her daughter, Bessie Dargie McCarthy, are the only heirs of Thomas T. Dargie.

The action in question was instituted by Bessie Sedgwick Dargie, as administratrix of the estate of her deceased husband, Thomas T. Dargie, and by Bessie Dargie McCarthy and Thomas M. Dargie, children and heirs of Thomas T. Dargie. The basis of the suit is a partnership which is alleged to have existed between William E. Dargie and Thomas T. Dargie during the lives of such persons. The alleged partners were brothers. During the year 1876 each was engaged in the newspaper business in San Francisco. It is the contention of the plaintiffs in the suit filed that an agreement was entered into between the Dargie brothers in the year 1876 whereby they were to establish an equal co-partnership for the purpose of conducting the printing and newspaper business. In furtherance of such plan the plaintiffs claim that William E. Dargie purchased the capital stock of the Oakland Publishing Company, a corporation, then publishing The Oakland Evening Tribune, and likewise conducting a general printing business. That such stock was purchased by William E. Dargie for the benefit of and as the property of the co-partnership, but was, for business reasons, taken and held in the name of William E. Dargie.

It is further contended that the two brothers took possession of the Tribune Publishing Company after the purchase of its stock and each devoted his time and attention to the business and cooperated in the management and conduct of the affairs of the Oakland Tribune until the death of Thomas T. Dargie, which occurred on the 18th day of February, 1907.

After the death of Thomas Dargie, it is alleged, his brother, William E. Dargie, actively conducted the printing business and managed its affairs until he died, February 10, 1911, and that after his death the partnership assets were taken charge of by the executors of his estate, who now hold them.

The plaintiffs claim that from the funds of the partnership business two pieces of real property in the city of Oakland were purchased and that the title to such property was taken in the name of William E. Dargie for the partnership. The property is valuable and consists of the lot upon which the Tribune building now stands and of a lot near the corner of Fourteenth and Franklin streets, in this city.

WIFE CHARGES DESERTION.  
MARTINEZ, Aug. 31.—Upon complaint of his wife, Mrs. Theresa Gomez, a warrant charging desertion and failure to provide was issued here yesterday for the arrest of Manuel Gomez, a well-to-do rancher of San Pablo.

### EACH ACTIVE MANAGER.

It is further contended that the two brothers took possession of the Tribune Publishing Company after the purchase of its stock and each devoted his time and attention to the business and cooperated in the management and conduct of the affairs of the Oakland Tribune until the death of Thomas T. Dargie, which occurred on the 18th day of February, 1907.

After the death of Thomas Dargie, it is alleged, his brother, William E. Dargie, actively conducted the printing business and managed its affairs until he died, February 10, 1911, and that after his death the partnership assets were taken charge of by the executors of his estate, who now hold them.

The plaintiffs claim that from the funds of the partnership business two pieces of real property in the city of Oakland were purchased and that the title to such property was taken in the name of William E. Dargie for the partnership. The property is valuable and consists of the lot upon which the Tribune building now stands and of a lot near the corner of Fourteenth and Franklin streets, in this city.

## Ball Players Provide For Future With Farms Modern Diamond Artist Invests Now in Country Lands

(By Billy Fitz)

The "baseball" player seems to have found a new home. Many of the players who have been "out of the game" for some time, are now turning their backs on the diamond and looking for a new life in the country. This is a natural result of the fact that the game has become so much a part of their lives that they cannot leave it behind them. They are now investing in farms and country lands, and are looking for a new life in the country.

This is brought to mind by Jack Noss' announcement that he has just purchased a farm in the country. Noss, who has been a professional baseball player for many years, is now looking for a new life in the country. He has purchased a farm in the country, and is now looking for a new life in the country.

Only one name behind the league-leading team, the Boston Red Sox, is the name of the player who has been the most successful in the league. This is the name of the player who has been the most successful in the league.

With the arrival of Bill Steen, the former pitcher, and Johnny Cough, the former pitcher, the team is now looking for a new life in the country.

## SCOTTISH BOWLERS IN STRENUOUS DAY

The Oakland Scottish Bowling Club played a strenuous day at Lake Merritt yesterday afternoon, when a number of singles and doubles were played. The day was a very successful one for the club.

Yesterday's record brings the latest record up to 11. Dr. R. S. Hill, against Major Henry Hill, 21 ends, with a score of 21 for Hill and 11 for Hill.

A still more exciting match was that between Dr. Hamilton and Dr. S. Robertson. Dr. Hamilton won the match, 21 to 11.

P. A. MEET, SEPTEMBER 25. The Oakland Scottish Bowling Club will meet on September 25, at 10 o'clock, at the Lake Merritt course.

## BASKETBALL RULES WILL BE ALIKE FOR FIRST TIME

Collegiate and A. A. U. Play  
Made Uniform Through  
Mail Vote.

NEW YORK, Aug. 31.—A committee appointed by the Amateur Athletic Union to confer with the college athletic authorities regarding the proposed new rules for basketball, today announced that the two sets of rules will be made uniform for the first time in the history of the game.

Racing Interest Will  
Give Breeders Backing  
California Promises to Be on the  
Ground Floor in Revival  
of Sport of Kings

(By T. J. SLATTERY.)

There is in this vicinity, whatever may be true of other sections of California, enough interest in the thoroughbred horse to make the future of the sport a matter of some importance to the state.

With the arrival of Bill Steen, the former pitcher, and Johnny Cough, the former pitcher, the team is now looking for a new life in the country.

Alveras the Best of All,  
Says Local Boxing Sharp

'He Has Speed, Strength and Skill,'  
Maintains 'Brownie' Moran

The boxing fans who have installed Frankie Denny as a pronounced favorite over Billy Alveras in their fourth round fight, yesterday, at the Lake Merritt course, have made a big mistake.

So when Moran speaks, especially about fighters, his words go for something. "Those who are picking Denny to beat Alveras are making a great mistake," says Brownie Moran.

# BRITISH CHANGES IN TRADE SPECIFIC

**announced, Says State Department.**

WASHINGTON, Aug. 21.—State department officials disclosed today that they do not expect that moored practices under the British orders in council, announced yesterday by the British embassy, will cover the general British policy toward neutral shipping in the North Atlantic. Such plans now are preparing its new protest.

No concrete propositions for relaxation of interference with shipping have reached the state department, it was said, and such general discussion of the subject as has taken place will not affect this government's note to Great Britain now in preparation.

Arrangements for assisting in the identification of goods bought in Germany but not paid for before March 1, which are designed to relieve quantities of American cargoes held up in neutral ports such as Rotterdam are at present being carried on extra-governmentally between the British embassy and the foreign trade office of the state department. These steps, however, affect special cases and are not considered by American officials as a change in the attitude of the British government in regard to the representation by the United States respecting neutral shipping.

1967 and 1968, and the tax so levied the money arising therefrom shall be paid by the City of Berkeley as follows:

Refunding Bonds of 1967, Redemption 1968

Refunding Bonds of 1967, Interest 1968.

Section 5. This ordinance shall have effect immediately.

In Council, Oakland, Cal., August 10, 1968. Passed by the following vote: Ayes—Commissioners Anderson, Bacus, Edwards, Jackson and President Davis; Nays—None.

L. C. CHASE, Mayor, City Clerk  
55-AUG. 31 (2-1)

ORDINANCE NO. — N. S.  
AN ORDINANCE ESTABLISHING FISCAL CURB GRADES AND POSITIONS OF CURBS ON CARSON ENCE BETWEEN BOWLINGS STREET AND LAKESIDE.

Be it ordained by the Council of the City of Berkeley, California:

of Oakland as follows:

"That all existing ordinances and positions of curbs on CANON STREET, between the southern line of EIGHTH STREET and the northern line of KING STREET and the southern line of HOPKINS STREET are hereby voided and annulled; and that there shall be no map showing official curb grades at the positions of curbs on CANON AVE. between Hopkins Street and King Street." Adopted July 22, 1915, Perrin Brown, Superintendent of Streets and Curb City Engineer, filed in the office of the City Clerk said City on the 26th day of July.

SECTION 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

PASSED BY THE ORDINANCE THAT THIS ordinance shall take effect immediately.

In Council, Oakland, Cal., August 18, 1915. Passed to print for two days.

Adopted by the Board of Commissioners.  
Alfred W. Benson, Mayor  
Orrison B.acus, Edward J. Jackson

of Oakland as follows:

1. # Starting Next Sunday—A New Serial "FALSE EVIDENCE"

By E. PHILLIPS OPPENHEIM

All the world loves a mystery, and there is no writer today who can compare with E. Phillips Oppenheim in bringing to the lover of literature the delight of following stirring adventure to be capped by masterful climaxes, the whole presented in a happy flowing style which of itself causes the reader to go on and on.

"False Evidence" is a story of romance and mystery which thrills you to the last word. In the construction of plots which baffle one to anticipate the action of the story, in bringing surprising situations to unusual conclusions, there is no writer whose power and popularity today is greater than Oppenheim's.

*"THE man appealed to shook his head slowly and sighed as though with great reluctance. The sigh seemed to madden the prisoner and he made a sudden movement forward as though to spring at him."*

*Don't Fail to Begin Reading "False Evidence" Next  
Sunday, September 5th*
